15. SIGNIFICANT ACHIEVEMENTS DURING THE YEAR

BIOCHEMISTRY

The department has made significant progress not only in undergraduate and post graduate training but also in medical research. Many of our Faculty members were bestowed with prestigious awards and orations and were invited for presenting research papers at reputed national and international conferences. Our students too have own various awards for scientific presentations in national conferences. Problem based learning (PBL), clinical case discussion and microteaching sessions were introduced for the students. Many of them are also holding eminent posts in various national and international expert / technical committees. One research project was successfully completed this year and many new projects were sanctioned by different funding agencies. Many Faculty members have published research articles in peer reviewed international and national journals. A novel lead molecule was isolated against diabetes in a UGC funded project from germinated Glycine max seeds and patent has been filed for the same in 2014.

COMMUNITY MEDICINE

A significant addition in the department has been the starting of an outreach rural health centre namely Tikri Khurd for the teaching and training of interns residentially posted at RHTC Narela. In less than a year the centre has started functioning all days of week and daily OPD attendance of more than 100 patients.

FORENSIC MEDICINE

The department not only conducted satisfactorily 1775 medico-legal autopsies during the year 2013-14, but also provided expert opinion and court evidence in large number of cases. During the same period various faculty members acted as expert on various selection committees, delivered guest lectures and appointed members of the editorial boards. Faculty members of the department worked in the capacity of chairman/ members in large number of review/ postmortem boards constituted by different Govt. agencies like Delhi govt., CBI etc. Dr. Arvind Kumar won the first prize in UCMS photography contest on the theme "Freedom" organized by PHOCUS.

MEDICINE

The Department organized two days Medicine Update for post graduates with numerous clinical oriented workshops on 28th Feb-1st Mar 2015.

MICROBIOLOGY

The department is performing 40,000 - 45,000 diagnostic tests per month on samples received from different IPDs and OPDs of GTB Hospital. Processing of blood and body fluid is being done on regular basis on the Automated Blood and Body Fluid System BACTEC 9120. Antifungal susceptibility testing & genotyping of fungal isolates has been started. The research activities intensified in the molecular biology lab.

OBSTETRICS & GYNEACOLOGY

We fetched many awards and prizes in various national conferences for best paper and poster presentations. Again it is repetition of history we got prestigious R. D. Pandit award for best thesis writing in obstetrics and gynaecology. In our department we created a separate labor room for low risk patient as labor room - I (LR 1) and we started obstetrics intensive care unit in CLR. and also started "One Stop Centre" for sexual assault survivor as per Govt. guidelines.

OPHTHALMOLOGY

Cornea grafting performed by Prof. V.P. GUPTA: 60 [Aug. 2013 to 31-03-2015]. Corneas retrieved: 276 [Aug. 2013 to 31-03-2015]. Certificate of appreciation for outstanding contribution to national eyebank, 25th Aug - 8th Sept, 2014.

ORTHOPAEDICS

The Indian Journal of Orthopaedics is published by the department of Orthopaedics. The office is located in the college building. The journal is peer reviewed, impact factor journal which is indexed with Pubmed central and science citation expanded. Prof. A. K. Jain has initiated new academic activities at national level for post graduate training as President of Indian Orthopaedic Association such as

1. Uniform delievery of core education by IGNOU televised network
2. Mass Public awareness program to educate common men about bone and joint health.
3. Orthopaedic excellence programme where prestructured education and research method lectures will be delievered at 50 centers in India in 2015.

PHARMACOLOGY

Department of Pharmacology has introduced computer assisted learning (CAL) programme as a new method of teaching and learning for undergraduate students. All the faculties, residents and postgraduate students of the Department of Pharmacology have contributed significantly to various academic and research activities and published research papers in national and international journals. Most of the faculties and residents have participated in several National and International scientific meetings/workshops and have presented research papers. Six post-graduate students passed MD Pharmacology examination during this period.

PHYSIOLOGY

The Electrophysiology lab has been renovated and new equipment installed for both research and clinical testing. Autonomic function testing lab has also been upgraded with latest equipment. The Yoga and lifestyle clinic in the department run by AYUSH, Ministry of Health, Govt. of India has been catering to increasing number of patients drawn from the Department of Medicine, Obstetric and Gynaecology and Psychiatry, among others, for both research and therapy. The department has conducted Problem-Based Learning (PBL) module to teach certain aspects of Physiology in collaboration with Department of Medicine.

PSYCHIATRY

Dr. MS Bhatia was selected as an expert for WHO Clinical Trial for ICD-11. Dr. M.S.Bhatia and Dr. Shruti Srivastava were selected as experts to Committee for reviewing proposal submitted to drug Controller General of India. Dr. Shruti Srivastava (presenting author) and Dr. M S Bhatia won the A K Kala Award for Biological Psychiatry at IPS, North Zone, December, 2014. Disability certification for Mental Retardation started in the Department of Psychiatry on every Thursday at 2:00 pm and multi-speciality board for multiple disability on every Friday in Staff Physician office in which Dr. M S Bhatia and Dr. Shruti Srivastava are the regular board members. The department is training PhD/MPhil/MA/BA students of Clinical Psychology and Social Work from different National Universities. Dr. M S Bhatia was selected and invited as an expert by All India Radio to speak on different mental health problems.

RADIOLOGY

Dr. Lalendra U, Delivered J. C. Bose Memorial Oration of IRIA at the annual congress of IRIA at Kochi, Kerala. He was also recipient of National leader award by Delhi State Chapter of IRIA.

SURGERY

Department of Surgery conducted a CME after long time entitled - "Contemporary Medico-legal and Ethical issues in Medical/Surgical Practice" at UCMS, Delhi on dated 14th September 2014.

Australia India trauma system collaboration project (Funding agency - DST), Funds primarily controlled by AIIMS, New Delhi. Our department is one of additional four sites for project.

PHYSICAL EDUCATION

University College of Medical Sciences has a glorious history in sports over the past many years. Students have been participating in various sports activities throughout the year and

regular matches for football, basketball, cricket, Table Tennis and many other games are being organized throughout the academic year. Students indulge in the sports activities very enthusiastically so coaching sessions were organized for volleyball, football and basketball by coaches of national level to upgrade their playing abilities. The available infrastructure for sports in the college is of national level as the college has a 2 Acre main playground with a basketball court, volleyball court, football ground, cricket ground and a gym. Further for the upliftment of the sports infrastructure in the college plans for two synthetic tennis courts and Indoor Stadium having squash and badminton facilities are under planning and is expected to be completed in the near future. Two formal sports meets are organized throughout the academic year namely Arena, Sports Week and Avalanche where teams from different colleges of Delhi University, Indraprastha University and other colleges of NCR participate in large numbers. The level of participation for these tournaments is kept at the intra college level. The football and basketball matches were organized under flood lights during this year like past years.
