Sir,

Various instances have been brought to the notice of MCI through media and T.V channels with regard to registered medical practitioners for unethical acts. MCI has taken serious notice of these reports. All the concerned medical councils are instructed that they should issue necessary instructions to all the medical practitioners registered with their Council to ensure that they adhere to the Indian Medical Council (Professional Conduct Etiquette & Ethics) Regulation, 2002 and whenever a complaint is received against a medical practitioner for accepting commission & cuts, unnecessary investigation, illegal abortions, nexus with the drug companies etc. the Council should take immediate action and even su-moto and notify the action taken by them in the local newspaper and put it into the website under intimation to the Medical Council of India.

Yours faithfully,

(Dr. Reena Nayyar)
Secretary I/C
